

BUSINESS PROCESS REDESIGN AND IMPROVEMENT

Three-Day Virtual Course

ABOUT THE COURSE

To remain competitive in today's global economy, businesses need to continuously improve their business processes. Existing processes are usually too costly, too wasteful, and often irrelevant to their intended purpose.

This course on **Business Process Redesign and Improvement** will provide you with the knowledge and skills to analyse, design, transform and manage business processes to achieve breakthrough improvements in effectiveness, efficiency and adaptability. A framework to practically apply the methods and techniques is also provided.

VIRTUAL COURSE PRESENTATION

- Presented live from our virtual classroom using Zoom video conferencing
- Our experienced instructors are OMG® Certified Experts in BPM™
- You will see, hear and be able to talk to our instructors as well as ask questions live and participate in discussions
- Attend the course at your home or office – all you need is a computer and internet connection
- The course includes a practical exam which when passed you will receive a Certificate of Competency.
